Independent Auditors' Report

The Board of Trustees
Oregon Health & Science University Foundation:

Opinions

We have audited the financial statements of the business-type activities and the fiduciary activities of Oregon Health & Science University Foundation (the Foundation), a component unit of Oregon Health & Science University, as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements for the years then ended as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and of the fiduciary activities of the Foundation, as of June 30, 2023 and 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in

the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis that U.S. generally accepted accounting principles require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements are not affected by this missing information.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

(1) Organization

Oregon Health & Science University Foundation (OHSUF or the foundation) is an Oregon nonprofit corporation established in 1970 to support the missions of Oregon Health & Science University (OHSU) and to support statewide biomedical research. Doernbecher Children's Hospital Foundation (DCHF), an Oregon nonprofit corporation originally established in 1944 promoting an interest in and support for Doernbecher Children's Hospital, a functional unit of OHSU specializing in healthcare services to children, merged on January 1, 2021 with OHSUF. OHSUF continued as the surviving corporation following the merger. OHSUF is tax-exempt under Section 501(c)(3) of the Internal Revenue Code. The foundation is a blended component unit of OHSU for financial reporting purposes.

(2) Summary of Significant Accounting Policies

The foundation prepares its financial statements in accordance with U.S. generally accepted accounting principles as required for a governmental entity and, therefore, follows the accounting rules as promulgated by the Governmental Accounting Standards Board (GASB).

The foundation reports as a special-purpose government engaged in business-type activities and fiduciary activities whereby revenues and expenses are recognized on the accrual basis. Substantially all revenues and expenses are subject to accrual.

Net position is classified into four net position categories, in accordance with donor-imposed restrictions.

- *Net investment in capital assets* carries the total investment in capital assets, net of accumulated depreciation and amortization, less outstanding debt obligations related to those capital assets.
- *Nonexpendable restricted net position* carries externally imposed restrictions that never expire.
- *Expendable restricted net position* carries externally imposed restrictions that expire in the future.
- *Unrestricted net position* carries no externally imposed restrictions.

Investment income earned on donor-restricted endowment funds, discussed in notes 2(f) and 4, in excess of the annual spending distribution is accounted for in the expendable restricted net position category.

The foundation first applies restricted resources to an expense where an expense is incurred for a purpose for which both restricted and unrestricted net positions are available.

(a) Operating Revenues

The foundation includes unrestricted and expendable restricted contributions, management fee income, and other income from sales, services, and fund-raising activities in operating revenues. These revenues are key components of the operations of the foundation.

(b) Operating Expenses

The foundation includes program services provided to OHSU, supporting services of operating the foundation, and depreciation/amortization on property and equipment in operating expenses.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

(c) Operating Income (Loss) and Changes in Net Position

The statements of revenues, expenses, and changes in net position include operating income (loss). Changes in net position include net investment income (loss), nonexpendable donations and life income agreements, and other nonoperating activities, which are excluded from operating income (loss).

(d) Revenue Recognition

Contributions are voluntary, expendable, nonreciprocal transfers of assets, and may be made in the form of cash, securities, real property, personal property, materials and supplies, equipment, services, and unconditional promises to give those items in the future. Contributions, including estates receivable (substantiated undistributed estates) and promises to give, are recorded as revenue at fair value once all eligibility requirements are met and the pledge is verifiable, and are accounted for in the appropriate net position category based upon donor-imposed restrictions. Pledges and estates receivable with nonexpendable donor-imposed restrictions are not recognized in the statements of revenues, expenses, and changes in net position until the contribution is received.

Payments on pledges are generally received within five years of the date of the original commitment. The majority of estates are received within one year. Pledges and estates receivable, less an allowance for uncollectible amounts, are discounted to their present value using rates that range from 0.16% to 4.88% for the year ended June 30, 2023 and 0.14% to 4.88% for the year ended June 30, 2022.

(e) Investments

Investments are carried at fair value. The fair value of all debt and equity securities with a readily determinable fair value is based on quotations obtained from national securities exchanges. Alternative investments, which are not readily marketable and lack publicly available market values, are carried at estimated fair value as provided by the investment managers. The foundation reviews and evaluates the values provided by its investment managers and considers the valuation methods and assumptions used in determining the fair value of the alternative investments to be reasonable. Those estimated fair values may differ significantly from the values that would have been used had a ready market for those securities existed. Net appreciation (depreciation) in the fair value of investments, which consists of the realized gains and losses and the unrealized gains and losses on those investments, is shown in the statements of revenues, expenses, and changes in net position as investment income, net of investment fees.

(f) Endowments

The endowment corpus is accounted for in the restricted, nonexpendable net position category and reported on the statements of net position as restricted long-term investments. The foundation's spending policy for endowment funds is determined by the Executive Committee of the Board of Trustees (Executive Committee) and is calculated using a weighted average methodology comprised of an eight quarter moving average of the fair value of the endowment fund adjusted for inflation, and of the previous year's actual spending distribution adjusted for inflation. The resulting effective spending rate payout is then banded to be between 4.0% and 5.5% each year. The Executive Committee authorized a 4.5% distribution rate to calculate the effective spending rate for the years ended June 30,

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

2023 and 2022. Spending distributions of \$50.3 million and \$43.4 million were made into foundation endowment income accounts to be utilized in support of OHSU during the fiscal years ended June 30, 2023 and 2022, respectively.

The foundation's management and investment of donor-restricted endowment funds are subject to the provisions of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) enacted by the state of Oregon in January 2008.

(g) Life Income Agreements

The foundation has been named as a beneficiary for various life income agreements, including charitable unitrusts, charitable remainder trust annuities, charitable gift annuities, and life estate agreements. Life income agreements provide for contractual payments to designated income beneficiaries for a specific period, after which the remaining principal and interest revert to the designated remainder beneficiaries. When the foundation is the trustee for life income agreements, the foundation records the fair value of the assets, the actuarially determined liability, and the difference between the asset and liability as a deferred inflow during the period in which the eligibility requirements are met. For those life income agreements where the foundation is not the trustee, the foundation records a contribution in the period in which the donation is received if the foundation is not designated as the remainder beneficiary of the trust. For those life income agreements where the foundation is not the trustee, but is designated as an irrevocable remainder beneficiary, the foundation records a receivable for the fair value of the remainder interest assets discounted to present value and a deferred inflow during the period in which the trust is established.

(h) Capital Assets, Net

Capital assets are recorded at cost less accumulated depreciation, which is computed on a three to five year, straight-line basis for computer equipment, and a five to ten year, straight-line basis for other capital assets. Leasehold improvements are depreciated over the remaining lease term plus option periods which are expected to be exercised.

(i) Building/Equipment Leases, Net

The foundation is a lessee for various noncancelable leases of buildings and equipment. The foundation also has noncancelable arrangements (similar to a lease) for the right-to-use information technology hardware or software (subscription IT).

Short-term Leases and Subscription IT Arrangements

For leases and subscription IT arrangements with a maximum possible term of 12 months or less at commencement, or with a net present value of lease payments of less than \$5,000, the foundation recognizes expenditure based on the provisions of the lease contract or subscription IT arrangement, respectively.

Leases and Subscription IT Arrangements Other Than Short-term

For all other leases and subscription IT arrangements (i.e. those that are not short-term) whose total discounted minimum payment obligations are \$5,000 or more, the foundation recognizes these intangible right-of-use assets or subscription IT assets as reported on the statements of net position as

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

building/equipment leases. The foundation also recognizes a related lease or subscription IT liability as reported on the statements of net position as a current and noncurrent right-of-use liability.

(i) *Measurement of Lease and Subscription IT Amounts*

At lease commencement, the foundation initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability less lease payments made at or before the lease commencement date, plus any initial direct costs ancillary to placing the underlying asset into service, less any lease incentives received at or before the lease commencement date. Subsequently, the lease asset is amortized into depreciation and amortization expense on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset. If the foundation is reasonably certain of exercising a purchase option contained in a lease, the lease asset will be amortized over the useful life of the underlying asset.

(ii) *Key Estimates and Judgements*

Key estimates and judgements include how the foundation determines (1) the discount rate it uses to calculate the present value of the expected lease and subscription payments, (2) lease and subscription term, and (3) lease and subscription payments.

- The foundation generally uses its estimated incremental borrowing rate as the discount rate for leases and subscription IT arrangements unless the rate that the lessor/vendor charges is known. The foundation's incremental borrowing rate for leases and subscription IT arrangements is based on the rate of interest it would need to pay if the foundation borrowed an amount equal to the lease or subscription payments, respectively, under similar terms at the commencement or remeasurement date.
- The lease or subscription term includes the noncancelable period of the lease or subscription IT arrangement, respectively, plus any additional periods covered by either a foundation or lessor option to (1) extend for which it is reasonably certain to be exercised, or (2) terminate for which it is reasonably certain not to be exercised. Periods in which both the foundation and the lessor/vendor have a unilateral option to terminate (or if both parties have to agree to extend) are excluded from the lease or subscription term.
- Payments are evaluated by the foundation to determine if they should be included in the measurement of the lease and subscription IT liabilities, including those payments that require a determination of whether they are reasonably certain of being made such as termination penalties and other payments.

(iii) *Remeasurement of Lease and Subscription IT Amounts*

The foundation monitors changes in circumstances that may require remeasurement of a lease or subscription IT arrangement. When certain changes occur that are expected to significantly affect the amount of the lease or subscription IT liability, the liability is remeasured and a corresponding adjustment is made to the lease or subscription IT asset, respectively.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

(j) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions. These estimates affect reported amounts of assets and liabilities at the date of the financial statements and the reported income and expense during the reporting period. Actual results could differ from those estimates. Significant estimates include allowances for uncollectible pledges and estates receivable, discount rates for pledges, estimates used in determining fair value of investments, and actuarial assumptions in the liability for life income agreements.

(3) Cash and Cash Equivalents

(a) Cash and Cash Equivalents

Cash and cash equivalents include bank demand deposits, petty cash, and money market accounts with original maturities of three months or less at the date of purchase, that are not considered restricted long-term investments. For valuation purposes, cash and cash equivalents have observable inputs. The Federal Depository Insurance Commission (FDIC) provides a limited amount of protection for cash deposits, typically the first \$250,000 per account. The foundation does not include in its investment policy any requirement to collateralize deposits that exceed FDIC insured amounts. Cash and cash equivalents, including those held in restricted assets, were \$74.5 million and \$68.9 million at June 30, 2023 and 2022, respectively.

(b) Investments

Through its Investment Committee, the Board of Trustees of OHSUF is responsible for the management of the foundation's investments. The Investment Committee establishes investment policies for all funds and selects investment managers for the endowment fund and the current fund. The AVP, Investments and Treasury in consultation with the CFO – Vice President of Finance directs the implementation of actions designated by the Investment Committee.

(4) Investment Pools and Distribution Policies

Cash and long-term investments, excluding the current cash and cash equivalents, as of June 30, 2023 and 2022 are classified in the accompanying business-type activities and fiduciary activities statements of net position as follows:

	2023	2022
	(Dollars in thousands)	
Pooled cash and investments	\$ 1,604,210	1,563,376
Nonpooled cash and investments	55,230	57,478
Total cash and investments	\$ 1,659,440	1,620,854

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

Cash and investments in the foundation's business-type activities and fiduciary activities statements of net position as of June 30, 2023 and 2022 consist of the following:

	2023	2022
	(Dollars in thousands)	
Cash and deposits	\$ 18,957	32,049
Investments	1,640,483	1,588,805
Total cash and investments	\$ 1,659,440	1,620,854

A summary of cash and investments between the basic financial statements and the fair value of the investment portfolio at June 30, 2023 and 2022 is as follows:

	2023		
	Business-type activities	Fiduciary activities	Total
	(Dollars in thousands)		
Pooled cash and investments	\$ 1,269,951	334,259	1,604,210
Nonpooled cash and investments	54,316	914	55,230
Total cash and investments	\$ 1,324,267	335,173	1,659,440

	2022		
	Business-type activities	Fiduciary activities	Total
	(Dollars in thousands)		
Pooled cash and investments	\$ 1,234,118	329,258	1,563,376
Nonpooled cash and investments	56,614	864	57,478
Total cash and investments	\$ 1,290,732	330,122	1,620,854

The foundation maintains two primary internal investment pools. The current funds investment pool is the repository for funds available for current operations. The current fund pool is comprised of four separate investment vehicles with varying objectives based on the liquidity needs of the foundation. These investment vehicles include operating cash used for daily liquidity needs; a reserve fund and a short duration 1–5 year separately managed account that are used for liquidity needs of less than one year; and a quasi-endowment fund (C/F endowment) that invests liquidity needs of greater than one year in the endowment portfolio, discussed below. For all current funds not related to OHSU Practice Plan Reserve (OPPR) funds, it is the practice of the foundation's Board of Trustees to utilize investment income on these funds for operations. At June 30, 2023 and 2022, the fair value of the foundation's investments in the current fund was \$381.7 million and \$383.0 million, respectively.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

The endowment fund investment pool is the repository for funds from restricted, nonexpendable contributions where the principal amount cannot be used but a spending distribution, described below, can be used for the designated purpose. The endowment fund also holds quasi-endowment funds, which have been designated as endowment by the foundation's Board of Trustees. Assets of the endowment fund investment pool are held in the OHSU Foundation Endowment Fund, L.P. and managed by a discretionary investment partner under the terms of a partnership agreement and subject to the investment policies authorized by the Executive Committee. The holdings of this investment pool are contained in a fund of one investment vehicle structure and a description of the underlying securities within the fund is included in the following tables of this note. Under normal circumstances, the foundation may withdraw funds from the partnership account by providing notice to the discretionary investment partner of up to 45 days. The withdrawal would then be paid within 30 days following the notice period. Distributions are effective as of the end of a calendar month unless otherwise agreed to by the partners.

Endowment accounts receive spending distributions subject to the spending policy, which provides a predetermined amount of total return that can be spent for purposes designated by the donor. All interest, dividends, and changes in fair value on donor-restricted endowment funds are allocated to the appropriate restricted net position classification as specified by the donor at the time of receipt. All expendable income restricted by the donor is carried as restricted, expendable net position until such time as the restriction has been met. At June 30, 2023 and 2022, the fair value of the foundation's investments in the endowment fund was \$950.9 million and \$896.0 million, respectively. Of these amounts, \$103.8 million and \$115.0 million as of June 30, 2023 and 2022, respectively, represent unspent earnings in excess of donor-restricted original contributions that are available for future designation to expenditure by the Board of Trustees.

At June 30, 2023 and 2022, accumulated loss of \$0.4 million and \$0.3 million, respectively, related to endowment accounts with market value below corpus was reflected in nonexpendable restricted net position.

The foundation also has investments with a fair value of \$51.0 million and \$51.9 million at June 30, 2023 and 2022, respectively, related to its individually managed life income agreements. These investments are included in various separately managed individual charitable trusts and life estate agreements, in reinsured annuity contracts, or in the charitable gift annuity pool.

Investment policies are established based on the investment objectives of the portfolio. Each portfolio has its own asset allocation guideline which has been authorized by the Executive Committee. The objective for the current fund is to provide a reliable source of liquidity to meet short-term working capital needs. The current fund may invest in cash, cash equivalents, fixed income securities, equity mutual funds and ETFs, and quasi-endowment within the endowment fund. The duration of the C/F 1-5 year portfolio shall be within a range of 75% to 125% of the Bloomberg 1–5 Year Government/Credit Bond Index. The objective for the endowment fund is to produce a predictable and stable payout stream that increases over time, while achieving growth of corpus. The endowment fund may invest in cash and cash equivalents, fixed-income securities, U.S. and non-U.S. equity securities, and other alternative investments. The charitable gift annuity pool seeks to produce a relatively predictable and stable payout stream that will satisfy the funds distribution obligations while achieving long-term capital appreciation of the overall fund balance. The charitable gift annuity pool may invest in cash and cash equivalents, U.S. and non-U.S. equities, fixed-income, and real estate. Charitable trusts are managed to provide for the distribution of a stated income payment while attempting to achieve reasonable expected total returns. Charitable trust investment

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

objectives and asset allocation guidelines are determined based on the individual circumstances of each trust account. Allowable investments for charitable trusts include cash and cash equivalents, U.S. and non-U.S. equities, fixed-income, real estate, and commodities.

(a) Fair Value of Investments

Investments at June 30, 2023 and 2022 are as follows:

<u>Asset classes</u>	<u>2023</u>	<u>2022</u>
	(Dollars in thousands)	
Domestic equities	\$ 101,369	93,841
Non-U.S. equities	137,419	147,754
Global equities	26,783	15,083
Venture capital/private equity	511,569	510,662
Marketable alternative investments	195,923	175,893
Real estate investments and contracts	57,339	61,304
Mutual funds – nonfixed income	10,163	9,564
Annuity contracts	1,101	1,268
Insurance policies	609	754
Promissory note	11,345	11,628
Fixed income	<u>270,647</u>	<u>262,981</u>
	<u>\$ 1,324,267</u>	<u>1,290,732</u>

The methods used to determine the fair value of financial instruments reflect market participant objectives and are based on the application of a valuation hierarchy that prioritizes observable market inputs over unobservable inputs. The hierarchy is based on the reliability of inputs as follows:

- Level 1 – Valuation is based on quoted prices for identical financial instruments in active markets. OHSUF does not adjust the quoted price for Level 1 financial instruments.
- Level 2 – Valuation is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and independent pricing models or other model-based valuation techniques using observable inputs.
- Level 3 – Certain types of financial instruments are classified as Level 3 within the valuation hierarchy because these financial instruments trade infrequently and, therefore, have little or no price transparency.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

The following tables present a categorization, based on the foregoing valuation hierarchy, of OHSUF's financial instruments measured at fair value as of June 30, 2023 and 2022.

	2023			Fair value
	Level 1	Level 2	Level 3

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

There were no transfers of financial instruments between Level 1 and Level 2 classifications either in 2023 or 2022. Changes in Level 3 financial instruments during 2023 and 2022 are as follows:

	2023	2022
	(Dollars in thousands)	
Balance at beginning of year	\$ 33,445	36,926
Net realized (losses) gains	(537)	100
Net unrealized (losses) gains	(33)	70
Purchases	22,910	17,356
Sales	(1,969)	(1,373)
Contributions	110	1,860
Transfers to NAV per share, or its equivalent, classification	(17,353)	(21,494)
Balance at end of year	\$ 36,573	33,445

Net realized and unrealized gains and losses on financial instruments classified as Level 3 are reported in the statements of revenues, expenses, and changes in net position as investment income, net of investment fees.

The foundation initially records secondary purchases held within the OHSU Foundation Endowment Fund, L.P. at the purchase price for the transaction and then uses a practical expedient beginning with the first financial statement period following the close of the transaction.

OHSUF uses a practical expedient for the estimation of the fair value of investments in funds for which the investment does not have a readily determinable fair value. The practical expedient used by OHSUF for certain financial instruments is the NAV per share. Valuations provided by fund administrators for these financial instruments consider variables such as the financial performance of underlying investments, recent sales prices, and other pertinent information. The valuation is adjusted when changes to inputs and assumptions are corroborated by evidence, such as completed or pending third-party transactions in the underlying security and changes in financial results, data or cash flows. Management or its discretionary investment partner reviews the valuations and assumptions provided by fund administrators for reasonableness and believes that the carrying amounts of these financial instruments are reasonable estimates of fair value.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

The following table presents information for investments where either the NAV per share or its equivalent was used to value the investments as of June 30, 2023 and 2022:

	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Domestic equities	Weekly to every two years	3-180 days
Non-U.S. equities	Weekly to every four years	3-180 days
Global equities	Quarterly	3-180 days
Venture capital/private equity	Event-driven	N/A
Marketable alternative investments – nonfixed income	Monthly to every three years	5-180 days
Marketable alternative investments – fixed income only	Monthly	15-35 days
Real estate investments and contracts	Event-driven	N/A

Domestic Equities, Non-U.S. Equities, Global Equities, and Natural Resources funds represent investments in equities, both U.S. and international, and may include investments in developed and emerging markets.

(i) *Alternative Investments*

Alternative investments are defined under U.S. generally accepted accounting principles as those investments without readily determinable fair values. These investment vehicles differ by fund and can be in the form of limited partnerships, limited liability corporations, investment trusts, institutional funds, and offshore investment funds and are included primarily in the venture capital/private equity, real estate investments and contracts, and marketable alternative investment categories in the tables above. Alternative investment funds can contain certain types of financial instruments, including, among others, derivatives, futures, forward contracts, options, swaps, and securities sold not yet purchased, intended to hedge against changes in the fair value of investments or enhance potential risk-adjusted returns. The investment styles employed by the underlying managers include, but are not limited to, private equity, venture capital, buyout, absolute return, diversified arbitrage, merger arbitrage, event driven, commodities, real estate, energy, domestic long/short, global long/short, market neutral, and distressed.

These financial instruments involve varying degrees of risk. Such risks include, but are not limited to, limited liquidity, absence of regulatory oversight, dependence upon key individuals, emphasis on speculative investments (both derivatives and nonmarketable investments), and nondisclosure of full portfolio composition. Because some of these investments are not readily marketable, their estimated values are subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

Alternative investments can be less liquid than other investments. When liquidity limitations are imposed on these alternative investments, the types of restrictions can include, but are not limited to, lockup provisions whereby the foundation is unable to redeem shares or invested capital of an investment for a period of time, usually one year or more after the initial investment for marketable alternative funds and ten to twelve years for private equity and venture capital funds, notice provisions whereby the foundation is required to give notice, ranging up to 180 days, to transact a redemption of an investment after the expiration of any lockup provisions, and the establishment of gates that further limit the timing and amount of a requested fund distribution beyond the specified lockup provisions.

Mutual fund credit rating and maturity information are based on the average duration and ratings of the underlying fixed-income securities.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

The foundation holds \$13.3 million of asset-backed securities collateralized primarily by auto loans, equipment, and credit card receivables, and \$22.4 million of collateralized mortgage obligations as of June 30, 2023. The foundation holds \$4.8 million of asset-backed securities collateralized primarily by auto loans, equipment, and credit card receivables, and \$15.2 million of collateralized mortgage obligations as of June 30, 2022. These investments were obtained in part to provide an attractive yield while limiting credit risk and to increase diversification compared to other high quality debt instruments. These securities are carried at fair value. The valuation of these securities is sensitive to principal prepayments, which may result from a decline in interest rates, and they are sensitive to an increase in average maturity, which may result from interest rate increases that lead to decreasing prepayments. These factors may increase the interest rate volatility of the foundation's investment portfolio.

(c) Credit Risk

The investment policy of the short duration 1–5 year separately managed account requires minimum ratings or better from Standard & Poor's, Moody's, or Fitch as follows:

	Minimum Standard and Poor's rating	Minimum Moody's rating	Minimum Fitch rating
U.S. and foreign corporate indebtedness	BBB- or A-2	Baa3 or P-2	BBB- or F-2
Certificates of deposit	BBB- or A-2	Baa3 or P-2	BBB- or F-2
Foreign government, foreign agency or supranational organization debt	A or A-1	A2 or P-1	A or F-1
Agency mortgage-backed securities	AAA	Aaa	AAA
Commercial mortgage-backed securities	AAA	Aaa	AAA
Asset-backed securities	AAA	Aaa	AAA
Municipal bonds	A	A2	A

At the time of purchase, securities must be rated by at least two of the three rating agencies. If the security is rated by all three agencies, the middle rating will apply. If only two ratings are available, then the lower rating will be used.

If the credit quality of a holding in the current fund declines so that it is below the level required as stated above, a decision will be made by the Investment Committee to hold or sell the security.

Investments in the charitable gift annuity pool shall have a minimum credit quality rating of Baa/BBB or an average credit rating of Baa/BBB for mutual funds or pooled funds and a minimum rating of A-1/P-1 for investments in commercial paper. The charitable trust investments generally have a minimum credit quality rating in investment-grade Baa/BBB bond investments and a minimum rating of A-1/P-1 for investments in commercial paper. However, an individual trust may hold up to 9% of the portfolio in below-investment-grade investments.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

(d) Concentration of Credit Risk

The investment policy of the short duration 1-5 year separately managed account limits investments in any issue or issuer as follows:

	Maximum concentration
U.S. and foreign corporate indebtedness	No more than 3% per issuer
Certificates of deposit	No more than 5% per issuer
Foreign government, foreign agency or supranational organization debt	No more than 5% per issuer
Agency mortgage-backed securities	No more than 15% per cusip
Commercial mortgage-backed securities	No more than 5% per cusip
Asset-backed securities	No more than 5% per cusip
Municipal bonds	No more than 5% per cusip

The investment policy relating to the charitable gift annuity pool limit investments in any one issue to a maximum of 5%, except for issues of the U.S. government and its agencies or diversified mutual funds, which may be held without limitation. The investment policy for charitable trusts limits investments in any one issue to a maximum of 5%, except for issues of the U.S. government and its agencies or diversified mutual funds.

As of June 30, 2023, the foundation held no individual investments or investments with an issuer that have balances in excess of the limits described above.

(e) Foreign Currency Risk

The investment policies permit investments in international equity and other asset classes, which can include foreign currency exposure. The endowment fund allows for investments in international equities and in non-U.S. dollar-denominated bonds. The current fund allows up to 20% of the portfolio to be invested in non-U.S. sovereign or supranational issues. The charitable gift annuity pool investment policy allows up to 30% of the portfolio to be invested in international equities. The charitable trust investment policy allows up to 32% of the portfolio to be invested in international equities, based on the individual circumstances of each trust account.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

The following table details the fair value of foreign-denominated securities by currency type as of June 30, 2023 and 2022:

Foreign currency	Value (U.S. dollar)	
	2023	2022
	(Dollars in thousands)	
British pound sterling	\$ 9,189	8,918
Canadian dollar	148	226
Euro	12,259	13,606
Total	\$ 21,596	22,750

(f) Commitments

The foundation had total accumulated commitments to nonmarketable private alternative investments, marketable private investments, private natural resources investments, and private real estate investments of \$1.1 billion for each of the years ended June 30, 2023 and 2022. As of June 30, 2023 and 2022, the foundation had funded \$1.0 billion and \$0.9 billion, respectively, of the total amount committed to these investments. These investments are structured as limited partnerships and include investments in U.S. and non-U.S. private equity, venture capital, natural resources, distressed securities, real estate, and energy.

(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

(5) Restricted Pledges and Estates Receivable

The foundation had the following pledges and estates receivable as of June 30, 2023 and 2022:

	2023	2022
	(Dollars in thousands)	
Pledges maturing within 1 year	\$ 115,888	114,843
Pledges maturing within 2–9 years	93,990	174,489
	209,878	289,332
Less allowance for uncollectible pledges	(621)	(856)
	209,257	288,476
Less discount for net present value (rates of 0.14% to 4.88%)	(3,468)	(5,785)
Total net pledges receivable	205,789	282,691
Estates receivable	10,400	7,151
Less allowance for uncollectible estates receivable	(17)	(8)
	10,383	7,143
Less discount for net present value (rates of 0.22% to 4.27%)	(1,026)	(363)
Total net estates receivable	9,357	6,780
Total restricted pledges and estates receivable, net	\$ 215,146	289,471

(6) Trusts Held by Others

The foundation is the named beneficiary of 39 and 38 trusts held by outside trustees as of June 30, 2023 and 2022, respectively. The fair value reported to management of trust assets held by others was \$51.4 million and \$50.9 million as of June 30, 2023 and 2022, respectively. Trust distributions from these assets are recorded as contributions as they occur. Trust distributions of \$2.2 million and \$2.1 million were recorded as contributions during fiscal years 2023 and 2022, respectively.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

A summary of changes in the related lease and subscription IT liability during the year ended June 30, 2023 is as follows:

	June 30, 2022 balance	Additions	Remeasurements	Deductions	June 30, 2023 balance
	(Dollars in thousands)				
Lease liabilities and subscription IT liabilities	\$ 11,840	150	36	(878)	11,148

A summary of changes in the related lease and subscription IT liability during the year ended June 30, 2022 is as follows:

	June 30, 2021 balance	Additions	Remeasurements	Deductions	June 30, 2022 balance
	(Dollars in thousands)				
Lease liabilities and subscription IT liabilities	\$ 2,658	10,015	—	(833)	11,840

Lease and subscription IT liability amounts due within one year as of June 30, 2023 and 2022 are \$0.7 million and \$0.8 million, respectively.

The foundation leases its office space at the Jacobs Center under a lease expiring November 20, 2033. The total obligation under this office space lease and for various equipment leases is as follows for the years ending June 30 (dollars in thousands):

	Principal amount	Interest amount	Total
Year ending June 30:			
2024	373	304	677
2025	392	292	684
2026	422	278	700
2027	335	265	600
2028	240	259	499
Thereafter	7,762	1,484	9,246
	\$ 9,524	2,882	12,406

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

Future annual subscription IT payments are as follows for the years ending June 30 (dollars in thousands):

	Principal amount	Interest amount	Total
Year ending June 30:			
2024	297	48	345
2025	176	40	216
2026	192	35	227
2027	210	28	238
2028	229	20	249
Thereafter	520	16	536
	\$ 1,624	187	1,811

The foundation had net costs for office space and equipment leases and subscription IT arrangements of \$1.5 million and \$1.3 million during the years ended June 30, 2023 and 2022, respectively.

(8) Related-Party Transactions

(a) OHSU Practice Plan Reserve Funds

In 2009, the OHSU Medical Group (the Medical Group), a separate 501(c)(3) organization that was previously separate from OHSU, merged with OHSU. As a result of the merger, OHSU established OPFR funds at the foundation. The foundation provides investment management and administration services for these funds that are held to benefit specific clinical departments within the Medical Group. In exchange for providing this service, the foundation charges an annual fee of 0.6% of the fund balance.

In conjunction with this merger, the Medical Group transferred these OPFR funds to the foundation, and at June 30, 2023 and 2022, approximately \$27.9 million and \$33.7 million, respectively, was held. The foundation provided approximately \$6.4 million and \$6.5 million of funds received during the merger for OPFR funds to OHSU during the fiscal years ended June 30, 2023 and 2022, respectively.

Additionally, subsequent to the merger, departments within the Medical Group have deposited funds with the foundation. Approximately \$57.7 million and \$56.9 million of funds transferred subsequent to the merger are recorded as fiduciary funds for benefit of OHSU at June 30, 2023 and 2022, respectively.

In total, the foundation held \$85.6 million and \$90.6 million of OPFR funds at June 30, 2023 and 2022, respectively.

(b) OHSU

The foundation provides investment management services to OHSU for its endowment fund. The fair value of the OHSU endowment was \$113.2 million as of June 30, 2023 and \$113.5 million as of June 30, 2022. OHSU retains ownership of these funds and they are recorded as fiduciary funds for

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

benefit of OHSU. The foundation has recorded revenues of approximately \$1.8 million and \$1.6 million during fiscal year 2023 and 2022, respectively, included in the accompanying statements of revenues, expenses, and changes in net position related to investment management services performed for OHSU.

The foundation established a pending fund to record a deposit received in 2015. Per agreement with the donors, the pending fund may only be used to either satisfy existing pledge obligations with the foundation or to make a new gift in support of OHSU, when designated by the donors. The foundation held \$164.3 million and \$159.6 million recorded as fiduciary funds for the benefit of OHSU, in the pending fund at June 30, 2023 and 2022, respectively.

(c) Oregon Rural Health Initiative

Created in fiscal year 2017, the purpose of ORHI is to provide a single entity through which individuals, public charities, and private foundations may collaborate on and implement projects to optimize the health of individuals who reside in Oregon rural communities. It is a collaboration among OHSU, the foundation, and Sky Lakes Medical Center, Inc. (Sky Lakes). The Board of Directors of ORHI are comprised entirely of representatives of OHSU, the foundation and Sky Lakes. During fiscal year 2017, Sky Lakes, OHSU, and the foundation agreed to support the construction of a new healthcare building and associated parking structure on the campus of Sky Lakes Medical Center and advance the OHSU Campus for Rural Health in Klamath Falls, the educational, research, and recruitment missions of which will be integrated throughout the new facility and the impact of which and any and all related programmatic efforts will be realized statewide. Sky Lakes agreed to transfer \$33.4 million to ORHI toward the creation of the new healthcare building and parking structure. As of June 30, 2023 and 2022, there is an outstanding pledge of \$7.0 million to be paid for this commitment to ORHI and this is recorded as fiduciary funds for benefit of Sky Lakes, as it will be paid out to them when the pledge is satisfied. ORHI did not acquire any interest in the new healthcare building or parking structure or have any direct involvement in construction. The new healthcare building and parking structure construction was completed on December 12, 2019.

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

The foundation has recorded depreciation expense of \$0.1 million for the each of the years ended June 30, 2023 and 2022, which is included in supporting services in the accompanying statements of revenues, expenses, and changes in net position.

(10) Defined Contribution and 403(b) Plans

The foundation has a defined-contribution money purchase plan (the Plan) with investment options provided by Standard Insurance Company. An eligible employee may direct how contributions are invested among the available investment options. The foundation serves as the Plan administrator and reserves the right to amend, modify, or terminate the Plan at any time, provided that no amendment or modification shall act to reduce the balances of the individual accounts of any participant accrued to the time of such amendment or modification. For the plan year, the foundation has made a contribution to the Plan equal to 12.0% of each participant's eligible compensation during the plan year. Contributions are fully vested after five years. The foundation's contributions to the Plan were \$1.1 million for each of the years ended June 30, 2023 and 2022.

The foundation also has a 403(b) plan administered by Standard Insurance Company. An employee may choose to make contributions as an optional employee election with deferral up to maximum federal regulations. The foundation does not make contributions to the 403(b) plan as the employer.

(11) Life Income Funds

Life income agreements established during the years ended June 30, 2023 and 2022 are as follows at the date of donation:

	2023		
	<u>Agreements</u>	<u>Asset</u>	<u>Liability</u>
		(Dollars in thousands)	
Charitable remainder unitrusts	2	\$ 6	2
Charitable gift annuities	4	335	207
	<u>6</u>	<u>\$ 341</u>	<u>209</u>
	2022		
	<u>Agreements</u>	<u>Asset</u>	<u>Liability</u>
		(Dollars in thousands)	
Charitable remainder unitrusts	1	\$ 3	1
Charitable gift annuities	7	230	288
Life estate agreements	1	397	103
	<u>9</u>	<u>\$ 630</u>	<u>392</u>

OREGON HEALTH & SCIENCE UNIVERSITY FOUNDATION
(A Component Unit of Oregon Health & Science University)

Notes to Financial Statements

June 30, 2023 and 2022

Total life income instruments held at June 30, 2023 and 2022 are as follows:

	2023		
	<u>Agreements</u>	<u>Asset</u>	<u>Liability</u>
	(Dollars in thousands)		
Charitable remainder unitrusts	39	\$ 16,764	5,281
Charitable lead trusts	3	21,522	8,713
Charitable gift annuities	157	9,990	5,689
Life estate agreements	3	1,604	820
	<u>202</u>	<u>\$ 49,880</u>	<u>20,503</u>

	2022		
	<u>Agreements</u>	<u>Asset</u>	<u>Liability</u>
	(Dollars in thousands)		
Charitable remainder unitrusts	43	\$ 18,750	5,303
Charitable lead trusts	3	21,455	7,973
Charitable gift annuities	166	10,026	5,920
Life estate agreements	4	2,767	915
	<u>216</u>	<u>\$ 52,998</u>	<u>20,111</u>

Ten charitable gift annuities, included above, with a total gift value of \$3.0 million, have been reinsured with insurance carriers in order to reduce liability exposure. Under the reinsurance contracts, the insurance carrier pays the future beneficiary payments. To the extent the insurance carriers are unable to perform under the contract, the foundation would be responsible for payment.

Changes in OHSUF's liability for life income agreements during the fiscal years ended June 30, 2023 and 2022 are summarized below:

	<u>2022</u>	<u>Increases</u>	<u>Decreases</u>	<u>2023</u>
	<u>balance</u>	(Dollars in thousands)		<u>balance</u>

Total unrestricted net position	\$ 156,540	150,292

(13) Supporting Services

Supporting services, which included administrative and fund-raising expenses, totaled approximately \$25.8 million and \$23.4 million for the years ended June 30, 2023 and 2022, respectively.

The foundation's cost of insuring for risks in the areas of general liability, employee medical, directors and officers, and other coverage is included in supporting services, and is covered by third-party insurance. The foundation coordinates insurance coverage with OHSU's Risk Management. As a result, the coverage limits for Directors and Officers and Employment Practices Liability insurance coverage are \$1 million. Any additional claims under the Directors and Officers coverage between \$1 million and \$70 million will be covered under OHSU's policy and additional claims under the Employment Practices Liability coverage between \$1 million and \$40 million will be covered under OHSU's policy.
